## PROFESSIONAL EXPERIENCE

### Senior full-stack web developer & designer

#### TF-Téléconception

2022 - present | Jendouba

- Architect and deliver Symfony-based web platforms, applying scalable architecture and clean code practices that reduced technical debt and simplified long-term maintenance.
- Spearheaded the development of 7+ RESTful APIs in Symfony, integrating back-end services with front-end interfaces and achieving a 35% reduction in API response times.
- Implemented and optimized authentication and role-based access control, ensuring secure data access for 80+ enterprise users.
- Optimized SQL/MySQL queries and restructured databases, resulting in up to 30% faster load times and more reliable system performance.
- Redesigned and developed responsive UI/UX layouts, delivering a mobile-friendly experience that boosted client adoption rates by 25%.

### Freelance Full-Stack Web Developer & Designer

2017 - present | Remote (Tunisia)

- Delivered full-stack web solutions for small businesses and individuals, including e-commerce platforms, portfolio sites,
- Handled end-to-end development: requirements gathering, UML design, PHP/Symfony backend, responsive UI/UX design, and deployment.

### Teaching Assistant

#### Polyhydrons Complexe Technologique

2017 - 2018 | Jendouba

- Supported the course instructor, assisting 30+ students with PHP programming, UML design, and front-end development, strengthening both theoretical understanding and practical skills.

## EDUCATION

### Master's degree in e-commerce

#### Faculty of legal, economic and management sciences

2018 - 2021 | Jendouba

- Engineered a recommendation engine on the e-commerce platform that utilizes machine learning; the tool is now used by over 200 farmers across Tunisia to sell products.

### Diploma in Fundamental License in IT applied to management

#### Faculty of legal, economic and management sciences

2015 - 2018 | Jendouba

- Engineered an E-learning platform prototype for faculty, applying UML for system modeling and full-stack development to streamline course delivery, assignment tracking, and student-faculty interaction.

### Bachelor's degree in computer science

#### Liberty High School

2011 - 2015 | Jendouba
